## COVER

It has become traditional that our January cover is painted by Jim Finnell of Durango Press. This year Jim chose to paint Colorado & Southern #70 dropping down Clear Creek Canyon on its way to Denver. Jim's beautiful painting captures the mood of the C&S in its twilight years. The original acrylic painting is now in the collection of Bob Dezelin. Jim paints on commission so if you would like an original painting, write to Jim at P.O. Box 1836, Lynwood, WA 98036 for details. Thanks for a wonderful cover, Jim. Ed.
