Fifth National Narrow Gauge Convention Model Contest Winners
- 91 Book and Video Reviews**
- 95 Riptrack**

COVER

Bob Love's On3 West Side Lumber Company Heisler won the Gold Award at the 1982 NMRA convention in Washington, D.C. Number 3 was described in detail in the January/February and March/April 1983 **GAZETTE's**. The tank car right behind the engine is also a national prize winner and was built by Bob's son Dennis. This father and son team make quite a pair of modelers. Read about their On3 layout in this issue. *Photo by John Briggs.*
