Photo contest winners **page 62**
Learn about plant-hardiness zones **page 47**

COVER: The O-4-OT, kitbashed from a Bachmann Porter, with its train on David Woodhead's Madoc & North Hastings Railway. Turn to page 74 for the complete story.

RIGHT: Looking up the wye on the Madoc & North Hastings, the Y&P engine is coming down the mainline with a train of Newfoundland cars while a train of dump cars waits on the right. Meets often occur here among the ferns.
