- 10 groundcovers for sunny spots **page 41**
- Protect your line from critters **page 80**

COVER: N° 7 Shay, with its freight consist, is less than a "mile" in front of the passengers riding with N° 9, as they both approach Georgetown on Ron and Dot Poinsett's D&R Loop. In mid summer, a broad selection of cultivated and native plants are in full bloom.

RIGHT: An all-wood train, made by the girls of the Viktoria Foundation in Switzerland, crosses a trestle in the late evening.
